

My favourite thing to do is play outside.
This is my mahi everyday.

I'm great at picking up little items using my thumb
and index finger – kai, small toys, bits of fluff, stones.
Yep, I'm a little vacuum cleaner!

When I want something, I let my whānau know by
pointing to it. They watch me and work out what I want.

I'm starting to understand and
respond to more kupu. I'm
even saying some too.

I copy what
people say and
words I hear.
So, kia tūpato e
te whānau! I'm
a little sponge.
