

My favourite thing to do is play outside.
This is my mahi everyday.

I'm great at picking up little items using my thumb
and index finger – kai, small toys, bits of fluff, stones.
Yep, I'm a little vacuum cleaner!

When I want something, I let my whānau know by
pointing to it. They watch me and work out what I want.

I'm starting to understand
and respond to more kupu.
I'm even saying some too.

I copy what people say
and words I hear. So,
kia tūpato e te whānau!
I'm a little sponge.
